

{HEADER WITH TITLE OF MAGAZINE}

Here is some example text for your first paragraph. You can edit this and add whatever text you would like here.

This space works best to accommodate a couple of short first intro paragraphs for your magazine, but more than that will cause the table cell to the left of this text to stretch and it won't look nice, so

We need to add another row directly beneath it in order to create the illusion of the text wrapping around the photo. Make sure you highlight both columns of this row and merge them so that it spans the full width of the table it is nested within.

{YOU CAN INCLUDE A HEADING HERE TOO!}
